## Russian Radio MyWidget.RU [Latest] 2022

The widget consists of three parts: Radio stream and 2 icon set, each icon set represents a category of stations: music, talk, news. You can configure two options for each icon set 1) Cover image (you can use image you design - the widget will cover it) 2) Icon position - bottom left corner - home page To specify radio stream on the page click "Radio Stream". You will see a list with 23 Russian radio stations, configured through the settings. You can switch between music and talk or news stations, using the radio buttons below. And in the end you can change the channels or end the radio using the icon "Play" at the bottom of the widget. Russian Radio MyWidget.RU: Tips \* If you want the widget covers your entire page - choose the "Frame" option, it will be bigger, but if you use the background image you have to add an empty space (or use the "Frame" option, but on the border of the page, not on the image area). \* With frame option you have to work a little bit, you can't have more radio station as it is not allowed in the widget. \* You can use other options, but don't forget to specify it on the page. Russian Radio MyWidget.RU: Options 1) "Time of day" - 14 widget position. The widget will be moved along the time until the radio stream ends. There will be a small black line at the bottom of the widget (you can move it up and down). 2) On/Off - 9 widget position. You can turn the widget on or off (click the widget). 3) Play/Pause - 8 widget position. Click the widget to turn the radio playing on or off. 4) Cover image - by clicking the widget in this area it will be set as the cover image of the widget. (see the description on main page for more details about this option) 5) Icon position - by clicking here the widget will be moved to the bottom left corner. 6) Default - changes settings to default - that means: radio stream, time of day, On/Off and icon position options (different options cannot be disabled or enabled at the same time). Russian Radio MyWidget.RU: About This widget is free, but if you want to remove the ads, you have to purchase the "Pro version"
