Without these, the VPN will connect fine, but then never unlock. With the new code, the Zyxel ZyWall IPsec VPN Client can now Authenticate Strong Passwords (database and history). We are still working on getting settings over under the Client tab, however, and will report back when we have done it. What a nice surprise to receive such an update with my new Zywall IPsec VPN client! Enjoy another week of Happy New Year from all of us here at MSE! For now, I would like to wish you a wonderful experience with your new Zywall Ipsec VPN Client in 2017! If you are still not satisfied and wish to support us, please rate this post (using the icons below) and/or write a comment, or send us a private message, we would appreciate the opportunity to review your feedback, which will help us get to know you and hear from your direct

experience what would help us improve!Q: How do I adjust the spacing in this grid? I am experimenting with a grid. It is defined as:

```
\begin{tabular}{|l|l|l|l|} \hline \multicolumn{3}{c}{Background} \\ \hline \multicolumn{3}{c}{Number} \\ \hline \end{tabular}
```

But I would like to adjust the left side of the background box from -2.5cm to 0cm so that all of the number box is visible. Also, I would like to
